

MAVEX 
CALLUSPEELING[®]

Beautiful, healthy feet
in just 15 minutes.

SWISS  PEDICURE

***Professional foot beauty
treatment***

*Immediate and amazing results
in only one session.*

Calluspeeling® it's more than just a product, it's a real wellness treatment. The feeling of lightness and softness that it gives to our customers it's unequalled.

And watching the amazement expression painted on their face when, after the treatment, they touch their feet it simply marvelous. We have introduced Calluspeeling® in all Day SPA packages of our hotel.

Erika K., Leukerbad

Without the use of blades or drills, completely removes cracked hard and calloused skin simply and rapidly, leaving feet wonderfully soft and feeling incredibly light.

MAVEX CALLUSPEELING®

The treatment is easy to do and does not need specific skills, just follow the instructions carefully to get results from the first use. Since there are no scalpels and drills, there is no danger of bleeding and it can therefore also be performed by staff without specific experience.

The treatment can be proposed:

1

During normal pedicures instead of blades, scalpels or drills. The time saved is substantial: while the patches are applied, nails and cuticles can be treated, there is no downtime and, most of all, the final result is much better than traditional methods, since the foot regains all its natural softness.

2

In the cosmetic room while waiting (for example while a mask or bandage is in place).

The results are impressive

*From today,
Pedicure
will be more
Pleasant and
less Tiring*

*100%
safe
treatment
without risk
of infection*

CALLUSPEELING® is a very safe treatment: thanks to the disposable patches, disposable adhesives and stainless-steel tools that can be sterilised in an autoclave, the pedicure professional is assured of being able to give their 100% without risk of infection or transmission of viruses, germs or bacteria.

CALLUSPEELING® is a treatment developed and produced by Mavex in Switzerland, with full respect for the environment and nature using the highest quality standards in full compliance with GMP safety standards.

CALLUSPEELING® VEGETAL

Each packet contains 4 patches of elastic fibre able to adapt perfectly to the anatomy of the foot, soaked in a special keratolytic gel formulated with a synergistic complex of herbal and medicinal plant extracts.

Containing **St. John's Wort**, Melaleuca Alternifolia (**Tea Tree**), **Celandine**, **Thuya**, **Garlic**, **Peppermint**, **Urea**.

Calluspeeling Vegetal consists of **99.5% natural ingredients** and does not contain artificial fragrances. Its pleasant scent exclusively derives from plant extracts. The precious active plant-based ingredients are encapsulated in biocompatible lipid structures that transport the active ingredients deep within, thus increasing their functional effectiveness.

In just 15 minutes **CALLUSPEELING VEGETAL®** gently removes calluses, cracks and corns gently without using acids and without using blades or drills, leaving feet wonderfully soft and feeling incredibly light.

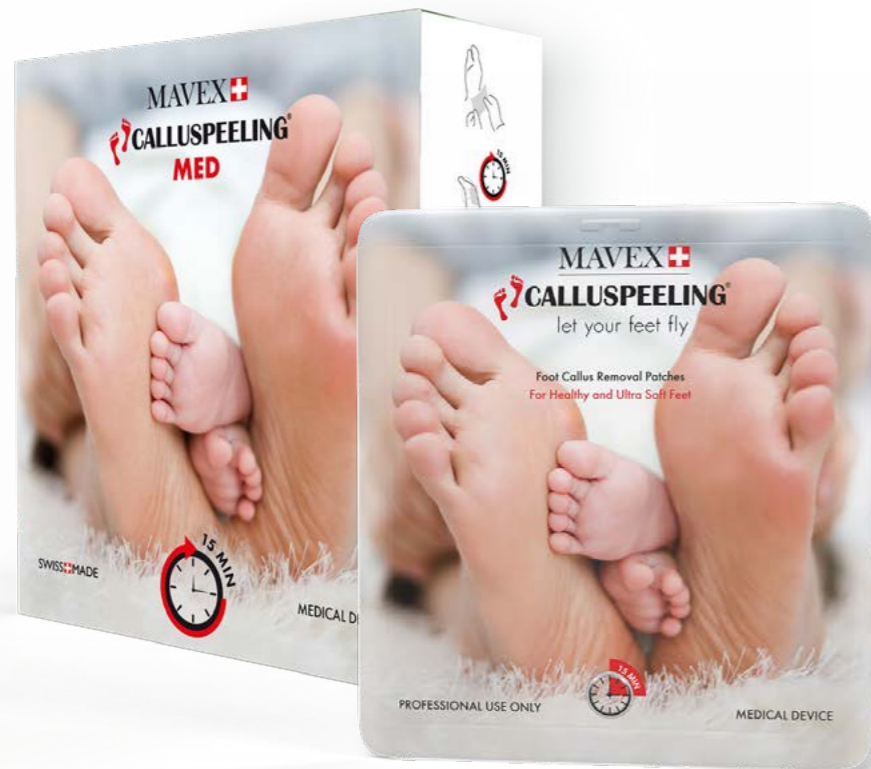

Based on an ancient herbal formula from the Alpine tradition, the Mavex laboratories, after more than 5 years of research, have developed an **innovative keratolytic phytocomplex** obtained from a mixture of herbal extracts and medicinal plants.

**KERATOLYTIC
PHYTocomplex**

CALLUSPEELING[®] MED

Calluspeeling Med is a Class I Medical Device, notified to SWISSMEDIC. Each pouch contains 4 ready-to-use patches of elastic fiber, inhibited with a special alkaline, acid-buffered keratolytic gel.

Containing **Glycerin, Lactic Acid, Glycolic Acid, Sodium Hydroxide.**

Calluspeeling Med consists of **99% natural ingredients.**

In just 15 minutes **CALLUSPEELING[®] MED** gently removes calluses, cracks and corns without using blades or drills, leaving feet wonderfully soft and feeling incredibly light.

NATURAL SANITIZER CLEANSER

“
Contains balsamic essential oils extracted from medicinal plants known for their antiseptic and purifying properties against viruses, germs, bacteria and fungi.
”

Dermatological studies have demonstrated the safety and high skin tolerability of Natural Sanitizer Cleanser

SUITABLE FOR DIABETIC FOOT SKIN

Containing **Alcohol**, essential oils of **Tea Tree, Thyme, Mint** and **plant-based cleansers** that gently cleanse, moisturising and nourishing the skin.

Cleanser for manicures and pedicures, with 5 functions: cleanses; sanitizes; refreshes; deodorises; moisturises.

Mint essential oil gives a pleasant sensation of freshness, deodorises and ensures a delicate fragrance with relaxing and purifying properties.

Its texture is light and quickly absorbed and thanks to its practical spray dispenser it can be dosed very easily. It does not foam up and does not require rinsing.

STAINLESS STEELS TOOLS

SUPERSOFT FILE REPLACEMENT

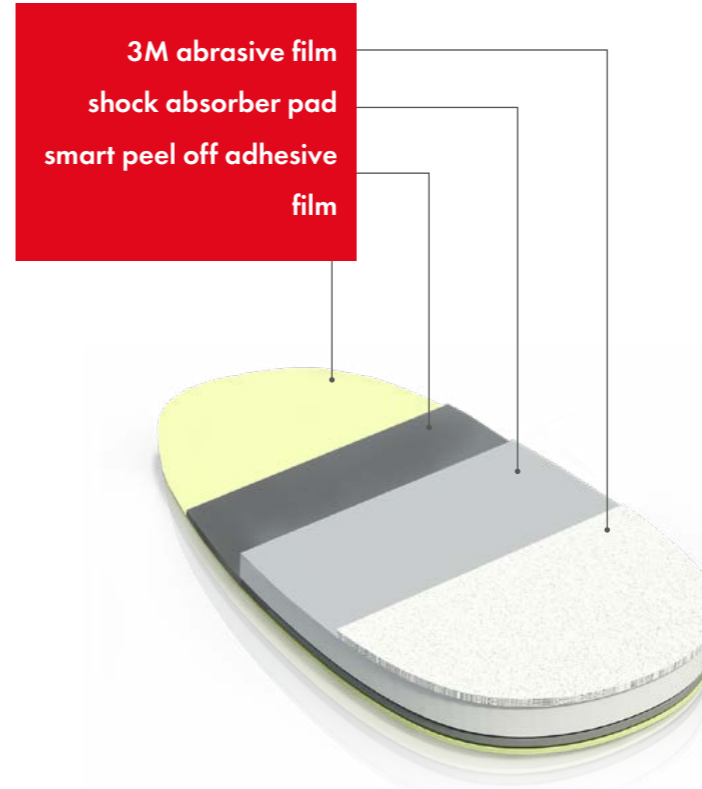

100%
STAINLESS
STEEL

Stainless Steels Calluspeeling® in high-strength stainless steel, autoclavable for absolute hygiene.

Designed with a new ergonomic design to increase the operator's comfort and give an even more performing result, these innovative foot file drastically reduce the overloading of the hand and wrist muscles because all the strength of the movement is transferred to the forearm and shoulder.

SMART
PEEL OFF
TECH

Stainless steel foot file is compatible with **Mavex Supersoft replacement files**, innovative 4-layer filing adhesives made with 3M film and a shock absorber pad that gives optimal comfort to the customer.

Thanks to the special shape of the foot file and the innovative **Smart Peel Off Technology**, these file replacement have an extraordinary stability during filing and can be easily removed without leaving annoying residue on the file.

The stainless steel **Calluspeeling® Spatula** is an absolute novelty, a tool with innovative ergonomics designed by a team of orthopaedic experts and dermatologists to increase the comfort of the operator and give an even more performing result. This innovative tool, drastically reduce the overloading of the hand and wrist muscles because all the strength of the movement is transferred to the forearm and shoulder. The combination of an anatomical curvature with comfort grip and a computer-controlled angle of incidence make this unique instrument a valuable ally of the beautician and podiatrist. From today, pedicure will be more pleasant and less tiring.

INTENSIVE REPAIR FOOT CREAM

“

Used regularly, it prevents calluses and rhagades and keeps the foot skin soft and supple.

”

Dermatological studies have demonstrated the safety and high skin tolerability of Intensive Repair Foot Cream

SUITABLE FOR DIABETIC FOOT SKIN

Containing **Urea (20%), Red Spruce Resin, St. John's Wort Extract**, Natural Essential Oils of **Thyme, Mint and Eucalyptus, Menthol, Allantoin, Betaine and Vitamin E.**

Emollient, healing and repairing cream formulated with a synergistic phyto-complex of highly concentrated vegetal extracts of medicinal plants and herbs.

Thanks to its keratolytic action, from the very first applications it reduces the thickening of calluses and corns, softens the skin and makes it elastic.

Its intense regenerating action helps to solve and prevent the formation of fissures and cracks.

Its pleasant scent exclusively derives from plant extracts and essential oils.

It massages in easily and dries and is absorbed quickly, without leaving any oily residue.

Its refreshing and purifying effect provides immediate relief and restores well-being to feet, giving a wonderful feeling of softness to the touch.

HONEY FOOT CREAM

“

In a single gesture it refreshes, moisturises, nourishes and softens, making the skin extraordinarily soft, silky and smooth.

The skin regains its natural elasticity giving a wonderful feeling of freshness, lightness and deep well-being.

”

Dermatological studies have demonstrated the safety and high skin tolerability of Honey Foot Cream

SUITABLE FOR DIABETIC FOOT SKIN

Containing **Honey, Argan Oil, Shea Butter, Vitamin E, Menthol** and **Urea**.

All the extraordinary power of nature encapsulated in an extremely delicate cream with an emollient, moisturising and elasticising effect, formulated with a synergistic phytocomplex of highly concentrated herbal and medicinal plant extracts.

With an intense and aromatic fragrance of Alpine Mallow, this cream is both a true concentrate of pure well-being and an exceptional beauty treatment for the feet. It is particularly useful for dry and dehydrated feet.

Its pleasant scent exclusively derives from plant extracts and essential oils. It has a soft and delicate texture, massages in easily and is quickly absorbed, without leaving any oily residue. Used regularly, it helps to keep skin soft and elastic.

To increase phytotherapeutic efficacy, Honey Foot Cream uses a biomimetic lamellar emulsion, a pharmaceutical technology used for the release of therapeutic substances that allow the active ingredients contained in plant extracts to be delivered gradually and continuously, thus increasing their functional effectiveness.

FOOT DAILY CARE CREAM

“
Moisturising, nourishing and protective cream formulated with a synergistic phytocomplex of plant extracts of herbs and medicinal plants.
”

Dermatological studies have demonstrated the safety and high skin tolerability of Foot Daily Care Cream

SUITABLE FOR DIABETIC FOOT SKIN

Based on essential oils of **Eucalyptus** and **Lavender**, **Vitamin E**, **Urea** and **Emollient Vegetal Lipids**.

It is particularly useful for the daily care of dehydrated and cracked feet.

It forms a soft and persistent film that effectively envelops and protects the foot, keeping the skin soft and supple and preserving proper hydration.

Daily Care Cream is a cosmetic product consisting of **94% natural ingredients**. It has a soft and delicate texture, is very easily massaged in and absorbed quickly without greasiness. Used regularly, it helps prevent the formation of calluses and rhagades.

With a refreshing and relaxing effect, it gives an immediate and pleasant sensation of relief and well-being, giving the feet a wonderful feeling of softness to the touch.

Treatment Steps

1

FOOT CLEANSING

Spray *Natural Sanitizer Cleanser* directly onto feet and massage until fully absorbed.

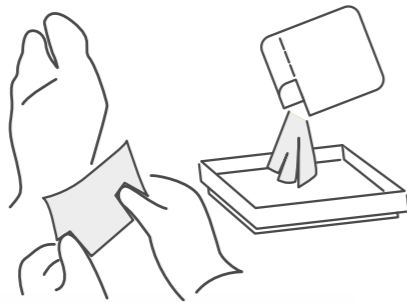

Do not rinse.

2

APPLICATION OF PATCHES

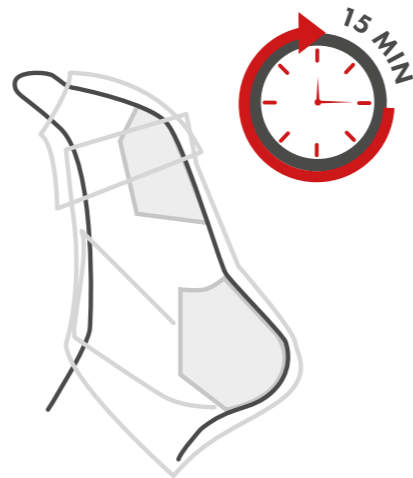

After putting on gloves, pour the contents of one pouch into the provided tray and apply the 4 CALLUSPEELING® (VEGETAL o MED) patches onto the calloused area of the feet.

3

FIXING IN PLACE AND APPLICATION

Wrap both foot tight in clingfilm and wait for 15 min.

4

CALLOUSNESS REMOVAL

Remove a single patch (leave the others on the feet).

Remove the calloused skin using the scraper, then dry the foot.

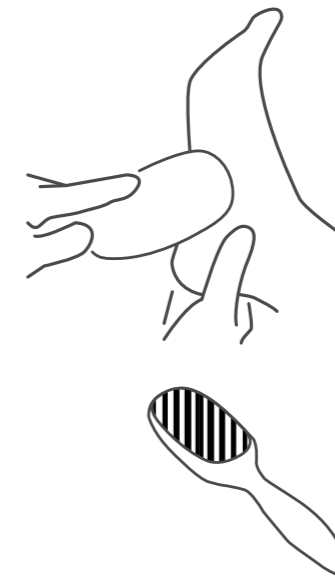

5

POLISHING

Apply the adhesive onto the brush. Polish quickly with enough pressure and speed, without stopping, until rolls of calloused skin start to detach.

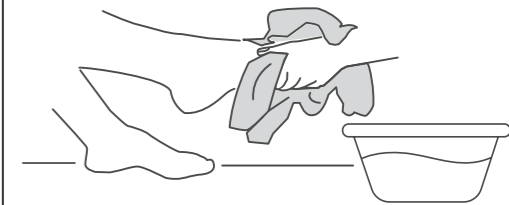

Once this stage is finished, repeat stage 4.

6

RINSING

At the end of the treatment, rinse feet with water and dry thoroughly.

7

CREAM MASSAGE

Apply a small quantity of cream and massage the entire foot gently until fully absorbed.

Why use CALLUSPEELING®

Before the Treatment

After 1 Treatment

Useful information

Does CALLUSPEELING® have any contraindications?

Yes, it cannot be used in the presence of cuts, blisters, ulcers, dermatitis, hyperhidrosis, maceration, injured or irritated skin. Furthermore, in the case of clients with specific pathologies such as diabetic foot or pregnancy, it is advisable to seek the advice of a specialist before carrying out the treatment.

To whom is CALLUSPEELING® recommended?

CALLUSPEELING® is a wonderful experience that is recommended for everybody. Its extraordinary results make it the perfect treatment for rhagades, corns, calluses, hyperkeratosis and dryness. Just a few treatments are enough to normalise even the most difficult situations and extreme cases. But it is also great as a year-round treatment when feet are neglected and there is the need to get them back to feeling as soft and smooth as a child's!

What to pay attention to

1. Handle patches using gloves.
2. Avoid contact with eyes.
3. Avoid skin contact outside callused area.
4. Stop use immediately if skin irritation occur and rinse thoroughly with cold water.
5. Do not use on skin together with other medical devices or drugs.

How often can CALLUSPEELING® be done on a customer?

No more than once a week.

Self-care

Daily use of Mavex foot creams at home is the KEY FACTOR for maintaining treatment results.
