

Professional product for  
**CABIN**

 **CALLUSPEELING<sup>®</sup>**  
**MED**

## Product description

Calluspeeling Med is a Class I Medical Device, notified to SWISSMEDIC. Each pouch contains 4 ready-to-use patches of elastic fiber, inhibited with a special alkaline, acid-buffered keratolytic gel.

Containing **Glycerin, Lactic Acid, Glycolic Acid, Sodium Hydroxide.**

Calluspeeling Med consists of 99% natural ingredients.

In just 15 minutes **CALLUSPEELING<sup>®</sup> MED** gently removes calluses, cracks and corns without using blades or drills, leaving feet wonderfully soft and feeling incredibly light.

## TARGET:

All skin types. In case of serious diabetes, request advice from a specialist.
